

Reception Curriculum Overview

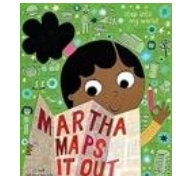

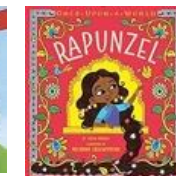

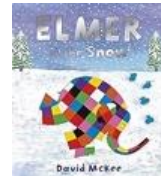

Spring Term

*It's Freezing! and Once upon a time...
Superheroes and Far, Far Away*

Our focus this term: *Developing fluency and independence as children begin to apply their reading, writing and mathematical knowledge with increasing confidence.*

Here are some of the books that we will be reading in the Spring Term with your child.

MAKING CONVERSATION

Children will take part in discussions, express opinions, explain their ideas, learn and use new vocabulary and increasingly communicate in clear, complete sentences.

MANAGING ME

Children will work collaboratively, become more independent in making choices and managing resources, develop resilience and explore feelings, health and wellbeing.

MUSCLES AND MOVEMENT

Children will develop balance, coordination, control and stamina through physical activity and gymnastics, while strengthening the fine motor skills needed for fluent writing and tool use.

MARK MAKING AND MEANING

Children will consolidate Read Write Inc. Set 1 sounds, develop blending and reading fluency and use their phonics knowledge to write captions and simple sentences with increasing independence.

MATHEMATICS

Children will deepen their understanding of numbers to 5, begin exploring numbers to 10, compare amounts, spot patterns and investigate how numbers are made.

MY MARVELLOUS WORLD

Children will investigate winter, ice and seasonal change, explore maps and different places, learn about people who help us and people from the past, and encounter Easter through stories and experiences.
